		☐	☐	☐	☐

☐ **non-GMO** : the item contains ingredients derived from (circle species as applicable) corn, soybeans, cotton, canola, potatoes, or tomatoes, and has NOT been tested with PCR technology, but, to the best of our knowledge, these ingredients are refined and do NOT contain any proteins or DNA; Ingredient will require GM-labeling within EU.

☐ **non-GMO (obtained by fermentation):** the item contains ingredients that have been obtained by fermentation of rice/corn. To the best of our knowledge, these ingredients are refined and do NOT contain any protein or DNA. According to the Regulation (EC) N 1829/2003-whereas 16-they are not considered as GM ingredients and will NOT require GM-labeling within the EU.

☐ **GMO**: the item contains ingredients derived from (circle species as applicable): corn, soybeans, cotton, canola, potatoes, or tomatoes, and these ingredients are expected to contain some GM proteins or DNA; Ingredient will require GM-labeling within EU.

☒ **other**: the item does NOT contain any ingredients that might have been derived from GMO sources (i.e. corn, soybeans, cotton, canola, potatoes, tomatoes), but was produced using processing aids derived from a genetically modified material (e.g. produced using an enzyme derived from a GMO). Ingredient will not require GM-labeling within EU.
